

The FCNI Education Committee invites you to

“Evidence-based Practice and the FCN Part I: Inspiring a Spirit of Inquiry to Solve Practice Problems”

Presented by: Mary Lynne Knighten, DNP, RN, NEA-BC

Date: Thursday, January 25, 2023

Time: 6pm to 7pm Central Time on Zoom

Dr. Knighten is the President of FCNI, a faculty member at Azusa Pacific University, and a board-certified nurse executive with 36 years of progressive management experience leading patient care operations, legal and regulatory compliance, and clinical programs including improving evidence-based practices, patient satisfaction, and quality outcomes for major medical centers and teaching hospitals. Mary Lynne is the Health Ministry Director at St. Dominic Catholic Church in Los Angeles, CA, the Faith Community Foundations Course Educator at Azusa Pacific University and has published widely about faith community nursing.

This is the first of two webinars designed to enable faith community nurses to use evidence-based practice (EBP) in their ministry. The focus will be on inspiring a sense of inquiry to identify practice and/or patient problems and addressing those problems with evidence to improve care. EBP competencies will be presented, along with skill development for the following: writing a searchable PICO question to drive the literature search for research that is ready for translation to practice (including patient/ population, intervention, comparison, and outcomes).

Learning outcomes:

1. Write a searchable PICO question.
2. Identify 2 EPB competencies for nurses.

Registration: CNE 1.0 ANCC contact hours \$20 for Members; \$40 for Nonmembers

ANCC contact hours are pending from Northeast Multistate Division Education Unit, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
